

WaterIZER

**Silver Protect
For Drinking Water**

Optimal Release of Silver ions

How Safe is Your Drinking Water ?

Optimal Release of Silver ions

WaterIZER

Silver Protect For Drinking Water

Releases Silver Ions in Water

Unique Delivery System

PH Independent

Oligo Dynamic

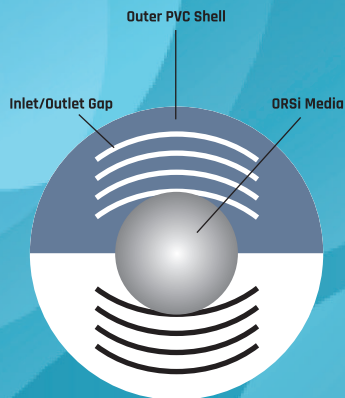

Long Lasting

No Side Effects

WaterIZER

FOR DRINKING WATER

Specifications

Brand

WaterIZER

End Modifications

Sealed Housing

Applications

For Potable Drinking Water

Fix Type

Dip Type

Maximum Operating Tem. (Celsius)

36.5° c

Temperature Range (Celsius)

4.5-36.5° c

Overall Diameter (Metric)

90mm

Overall Circumference (Metric)

285mm

Pressure Range (Metric)

30psi (2Bar)

Replacement Interval

No Replacement

Product Series

Silver Protect for Drinking Water

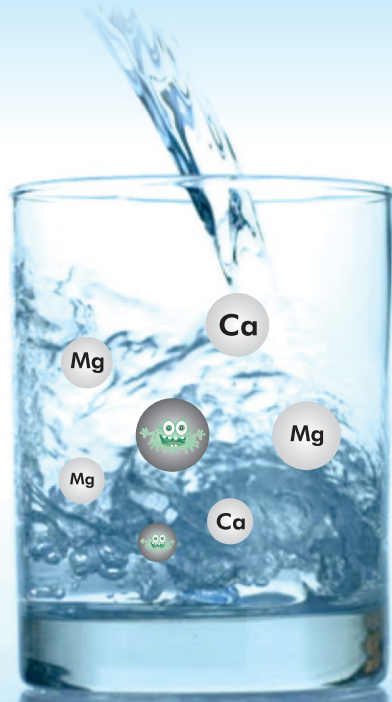

Claims

**Water Disinfection, Increased DO
Disinfects & Avoids Further
Microbial Growth**

Move Over Copper...

Upgrade Your
Existing Water Purification System
Get Safe Drinking Water With Silver Ions

Does not Remove any Minerals

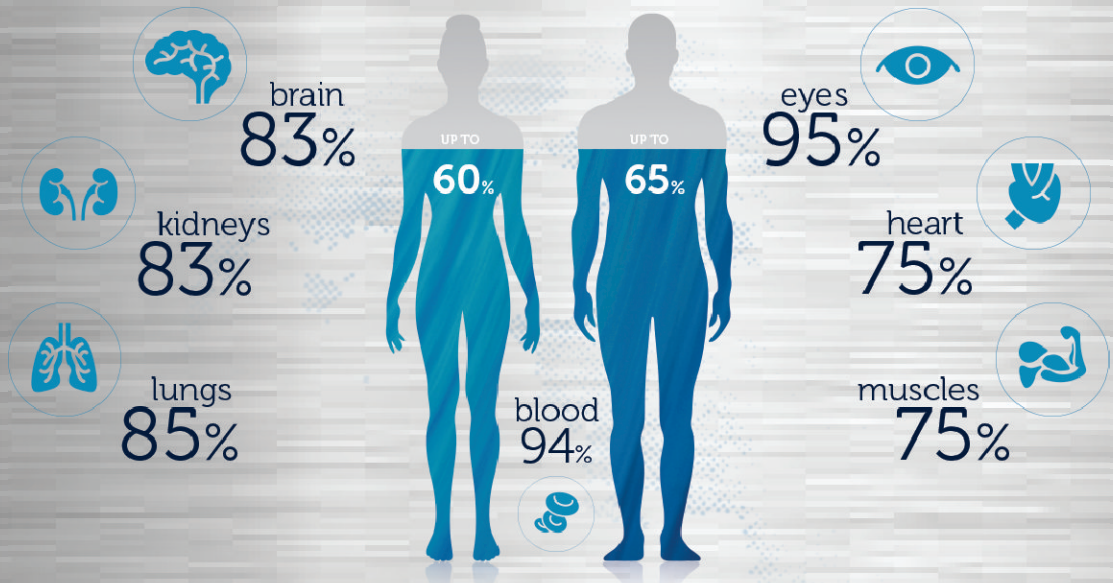

Water Contains Minerals Which Are Very
