WaterIZER

FLAT WATER CONDITIONER

Specifications

Brand	WaterIZER
Dimensions (Metric)	770mm x 450mm
End Modifications	Sealed Housing
Flowrate (Metric)	40lts per min
Applications	Bathroom
Inlet / Outlet Size	25mm NPT
Maximum Operating Tem. (Celsius)	36.5° c
Temperature Range (Celsius)	4.5-36.5° c
Overall Diameter (Metric)	450mm
Overall Length (Metric)	770mm
Pressure Range (Metric)	Gravity Line Only
Replacement Interval	No Replacement
Product Series	FWC
Claims	Improved Lather, Smooth Hair Increased DO, Water Disinfection

Protection Hardwater Se

Disinfects & Avoids Further Microbial Growth

Improved Lather

Smoother Hair

Lesser Use of Soap & Detergent

Better Linen Wash

Soft Feel of Water
